

Introducing the new  
**BDX-20 & BDX-30**

MOISTURE METERS FOR BUILDING TRADES

The next generation of moisture meters is here, with the introduction of the **Navigator™** series and **EDGE™** app from Delmhorst.

# NEW BDX-20 AND BDX-30

Delmhorst Instrument Co. introduces two new pin-type moisture meters, the **BDX-20 & BDX-30** as the initial launch of the Navigator™ series. For 75 years, Delmhorst's moisture meters have been the essential measuring tool of personnel in **building trades, water damage restoration and inspection** applications.

To ensure the highest quality and functionality, the Delmhorst development team performed detailed human factors reviews and extensive usability testing. The result is both the BDX-20 & BDX-30 provide benefits to users including an ergonomic, premium feel and intuitive interface and display.

BDX-30 users have access to the Delmhorst **EDGE™** app for maximum convenience and flexibility. The app allows users to adjust meter settings and share data from anywhere. Please visit <https://www.apple.com/app-store> and <https://play.google.com> to download **EDGE™** on your smartphone or tablet.

## Product Features

- Large, custom display with auto backlight - easy to read under all conditions
